

# DN Tanks Fall 2024 Scholarship Announcement

We are proud to announce Vivian Nguyen has been awarded the DN Tanks Fall 2024 Scholarship! Congratulations Vivian!

## Vivian's Contributions

Congratulations to Vivian Nguyen for being awarded one of the DN Tanks Scholarships for the Fall 2024 term! This is Vivian's first co-op experience, and we are so happy she accepted DN Tanks' offer to join our team for the past 6 months. Vivian has a great attitude and always has a smile on her face. Whenever she has been presented with a project or a challenge she always smiles and moves forward with a great positive attitude. Over the past 6 months, Vivian has taken on some unique projects and analyses. She utilized structural analysis software to simulate dome panels with various size openings so we can understand the impacts of large openings on dome panels during the lifting process. The work associated with these types of projects are invaluable to help improve the efficiency of the department. She also did a great job self-learning our foundation analysis software and modeling. It has been an absolute pleasure to work with Vivian and have her as an integral part of our team the last 6 months. We wish her the best as she heads back to Northeastern University to continue with her studies in Civil Engineering.

Presented by Josh Gregorio

The DN Tanks Scholarship Program was established to recognize students who excel in their work at DN Tanks as either a cooperative education student or intern student. For over forty five years, these students have played an important role in the growth and prosperity of the company. Our scholarship program is intended to recognize the students who make unique contributions and exhibit DN Tanks' Core Values. Scholarships are awarded semi-annually.
